ENERGY STORAGE & FLEXIBILITY

SolMate - the plug-in photovoltaic and storage device for your home

Technologies

Internet of Things, Solar Energy, Renewable Energy

Website

eet.energy

Country of Origin

Austria

Stage

Product ready with
paying customers

Year of Birth

May 2017

Christoph Grimmer
CEO

WHAT'S DIFFERENT?

The innovation core and USP of SolMate is the built-in measurement technology. It is able to detect the power consumption of the household from any wall socket without any further hardware.

BUSINESS MODEL

EET makes money by selling hardware (they are manufacturers).

INVESTMENT

Raising: No

Stage: Series A
